

Altered Forms and Artistic Intentions:

Functional done fun!

Pottery straddles the worlds of crafts and fine art. Just because something is functional and form follows function it does not mean it cannot be wonderful creative art. Join us as we celebrate how the Artists of Clay Arts Vegas can turn useful objects into something more.

All work needs to be functional but then altered to show your artist's flare. They can be physically altered, carved, underglazed or???? It just needs to be more than a basic bowl.

Work needs to be made in the last two years and be 90% clay.

You may enter three pieces. We may not take all of the pieces as we have to make the best choices for the show.

We encourage EVERYONE who is a current student to send in a piece.

You need to email to CAV by June 28, 2024, a photo of the finished piece with your name, dimensions, and a sales price. (We need price even if it is not for sale for insurance). Please put ALTERED FUN in the subject 4information@clayartsvegas.com

Work accepted needs to be dropped off to CAV between July 9th and July 12th with masking tape with your name on the bottom of the piece.
